PART I - MEDICAL - CORE PLAN

1. Chapter I: GENERAL POLICY PROVISIONS

1.1. Order of precedence & purpose of the insurance

1.1.1. Order of precedence

The 'General Policy Provisions' as set out in Chapter I are only valid insofar as they are not contradicted by or in conflict with the provisions proper to the different types of cover as set out in Chapter II.

In case of contradiction or conflict, the latter take precedence over the former. With respect to the 'Emergency Medical Evacuation and Repatriation Cover', the provisions of Chapter III take precedence over the General Policy Provisions of Chapter I.

Moreover, the Special Conditions will always take precedence over the A+ International Healthcare General Conditions.

1.1.2. Purpose of the Insurance

The A+ International Healthcare medical insurance plan ("the Plan") consists of several insurance plans, intended to offer social protection to expatriates and their Dependants.

This program is not intended to replace mandatory social security types of cover in the countries where such systems exist.

1.1.2.1. Medical insurance plan

The Plan reimburses - up to the limits defined in the Plan's General Conditions - Reasonable and Customary expenses for Outpatient as well as for Inpatient medical services, provided these expenses have been incurred because of Illness, Accident or Maternity (subject to the plan selected).

1.1.2.2. Optional dental insurance

An optional dental plan can be taken out by the persons who are accepted into the Plan.

1.3. Eligibility and acceptance into the insurance

1.3.1. Application

The Plans do not cover the Treatment of Pre-existing Medical Conditions and related conditions. A pre-existing condition means any disease, Illness or Injury for which the Insured has received medication, advice or Treatment, or which the Insured has experienced symptoms, whether the condition has been diagnosed or not, at any time before the date on which the Insured's Plan starts, except where such medical conditions have been declared in the application form and subsequently accepted in writing by the Insurer.

1.3.1.1. Specific application forms are available for enrolment of Individuals and Groups who may choose either Underwritten or Moratorium enrolment.

1.3.1.1.1. Underwritten enrolment:

The medical questionnaire included in the application form must be completed fully and accurately, failing to do so may invalidate the policy.

1.3.1.1.2. Moratorium enrolment:

After two years continuous membership, any pre-existing medical conditions (and related conditions) will become eligible for benefit, subject to the terms and conditions of the Insured's plan, provided the Insured has not during that period:

- a) consulted any Medical Practitioner or Specialist for Treatment or advice (including check-ups)
- or
- b) experienced further symptoms
- or
- c) taken medication or been advised to follow special Treatment (including drugs, medicine, special diets, injections, etc.)

Examples of Pre-existing Conditions that will never be covered include diabetes, hypertension (raised blood pressure), hyperlipidemia (raised cholesterol level), ischemic heart disease, cancer, thyroid disease, and auto-immune disorders. If the Insured has suffered from any of these conditions, or any other condition for which it is generally accepted medical advice that it be monitored in any way, then the condition - and any related conditions - will never be covered. Examples of related conditions are raised cholesterol levels and heart disease and stroke. If the Insured has suffered from high cholesterol before the Insured's date of entry to the plan the Insured will never be covered for cardiac problems of strokes.

1.3.2. Eligibility

1.3.2.1. Employees ('group cover')

The Plans are open to employers and to Associations to cover their employees / members (and their Dependants) with minimum 3 employees / members (excluding dependants) for group coverage. The Insurer may restrict eligibility of coverage in certain countries and areas upon enrolment.

1.3.2.2. Individual expatriates

The Plan is also open to individual expatriates (private persons) and their dependants who reside outside of their home country.

The insurer may restrict eligibility of coverage in certain countries and areas upon enrolment.

1.3.3. Acceptance into the insurance

1.3.3.1. Employees ('group cover')

In case of compulsory affiliation by the employer and the number of enrolled employee amounts to less than 10 employees, a medical questionnaire has to be completed by each employee and for each Dependant and has to be submitted by the applicant-Insured(s) to the Medical Consultant (Physician) of the Insurer through the Third-party Administrator.

The Medical Consultant can define partial or total exclusion of cover, or, at his discretion, propose an additional premium to waive exclusions.

Members of an Association can also benefit of the same conditions, if the cover is mandatory for all members and based on the evaluation of the claim report for the last 3 years by the underwriters of the Insurer. If, however, the latter conditions are not met, the members in the Association have to complete a medical questionnaire.

In case of compulsory affiliation by the employer of a group of 10 or more employees:

- a) no health declaration(s) will, in principle, be required for the medical insurance plan, meaning that there will be immediate and full acceptance into the medical insurance of both employees and Dependants and
- b) waiting periods including for maternity care are not any longer in force.
- c) for the other insurance plans (the optional voluntary insurance cover: Personal Accident Cover / Temporary Incapacity Cover / Permanent Disability Cover) however, the Medical Consultant can still define partial or total exclusion of cover, or, at his discretion, propose additional premium to waive exclusions.

1.3.3.2. Individual expatriates ('individual cover')

A medical questionnaire has to be completed for each person (including each dependant) and has to be sent by the candidate-insured(s) to the Medical Consultant of the Insurer through the Plan Administrator. The Medical Consultant can define partial exclusions, total exclusion of cover (refusal of cover), or, to his discretion, propose additional premium to waive exclusions.

1.3.4. Addition of new Dependants into the insurance

Addition of a Dependant is possible, provided that the application is based on the same procedure and conditions of acceptance, as described in article 1.3.3 and within 2 months after becoming eligible for the insurance.

Addition of a New Born is possible, provided that the application is made within 2 months following the date of birth.

A medical questionnaire must be completed when the New Born is declared to the Insurer more than 2 months after birth. The Medical Consultant can propose an additional premium to waive exclusions.

Premiums for the New Born are to be paid as from the first month of affiliation.

Adopted children may also be included in the policy, enrolment of whom is subject to full underwriting.

1.3.5. Domestic Partner eligibility

To be an eligible Domestic Partner, the following criteria/guideline must be fulfilled.

1. To maintain the same principal place of residence, have done so for at least one year and intend to do so indefinitely
2. To be engaged in a committed relationship in mutual caring and support and are jointly responsible for each other's common welfare and financial obligations.

Changing the geographical scope (territoriality) of the cover is always possible in function of the country of expatriation. However, it is not possible to change to the worldwide cover for short periods with the objective to get Treatment in the USA or Canada.

Changing to a higher or lower deductible is possible, but only on the renewal date of the policy. In case the Insured wishes to change to a lower deductible, he/she will have to complete a new medical questionnaire.

The insurance cover takes effect on the date stated in the Policy Schedule, subject to the acceptance by the Insurer or Third-Party Administrator, whenever such medical acceptance is required (in accordance with the specific eligibility and acceptance rules of each insurance cover, as described in the different chapters of these General Conditions).

1.5. Duration and termination of the insurance

The Insurer may then propose new insurance conditions (within a period of one month after having received notification of the aggravation of the risk) or cancel the insurance cover (within one month) retro-actively as from the moment of the start of the aggravation of the risk.

1.6. Return to the Home Country

Upon notification of the end of expatriation with the exact date of relocation to the home country by the Policyholder or Insured person in writing, the Plan will remain in force for up to 12 months after the actual date of relocation to the home country at which date it will be automatically terminated.

The Policyholder can nevertheless request - in writing and before the termination date - cover for one additional period of 12 months (without interruption of cover), at the conditions prevailing on the first

day of this additional period of 12 months. During this period the Insured (or the Policyholder) can apply for affiliation to a local social security scheme or look for another private insurance.

1.7.1. Amount and payment of the premium

The premium is fixed by indivisible year, and is payable by the Policyholder to the Insurer (through the Third-party Administrator or its agents as required on the premium invoice) on a yearly or half yearly basis in advance. Taxes and charges as established by the applicable laws will be added to the amount of the premium, and have to be paid in full by the Policyholder.

1.7.2. Premium Increase

In case the Insurer increases the premium rate, the Insurer will notify the Policyholder, in writing, of said increase and of the date as from which the new premium will become effective.

The new premium rates will become effective as of the next renewal date, starting on or after January 1st of the next calendar year. The Policyholder will receive a written notification.

For Group policies which are subject to experience rating the Insurer may at the end of any policy year adjust the premium rates, but no increase shall be retroactive. On each such policy renewal date after the policy start date (as specified on the Special Conditions) the group policy is renewable subject to the consent of the Insurer for an additional annual period by the payment of the premium at the Insurer's premium rates in effect at the time of such renewal.

If the Policyholder does not agree with the new premium conditions, he can terminate the policy through notification of cancellation to the Insurer by registered letter, delivered to the Insurer or the Third-party Administrator at least 30 days before the renewal date of his policy.

1.7.3. Suspension of cover and cancellation of the insurance due to non-payment of premium

In case of failure by the Policyholder to pay the premium on the due date, the Insurer has the right to suspend or cancel the insurance policy as set forth in the French Insurance Code. The Insurer will first notify the Policyholder by means of a registered letter, reminding the Policyholder of the amount of the premium that has to be paid, and informing him of the consequences of non-payment. If the premium shall then not have been paid within 30 days following service or posting of the registered letter, the insurance cover will be suspended automatically. Payment by the Policyholder of the premiums due, together with interest, if any, shall terminate suspension. The Insurer may cancel the policy during the period of suspension. In this case, cancellation shall take effect on the expiry of the period of 30 days, starting from the first day of suspension. Claims incurred during the period of suspension are not covered.

1.8. Territorial scope of the insurance

There are three zones (geographic areas). The Insured must choose the zone according to the country / area in which the Insured will be located (location of work) at the time of inception of policy. The premiums are set according to the zone (location of work).

- Zone 1: Rest of World (excluding Hong Kong/ China/ USA/ Canada)
- Zone 2: Hong Kong/ China
- Zone 3: USA/ Canada

With respect to the medical insurance Plan and the optional dental cover, the Policyholder/Insured can choose between 2 geographic areas of elective treatment:

- Worldwide cover
- Worldwide cover with exception of medical expenses incurred in the United States of America (USA) and Canada.

However, during business trips or holidays, not exceeding 90 days in aggregate per Insurance Year, medical expenses incurred in the USA or Canada as a direct consequence of an Accident or a Medical Emergency are covered up to the limits of the policy. If the medical condition concerned already

existed prior to the travel to the USA or Canada, the medical expenses are not covered. Expenses related to pregnancy (and complications thereof) and/or childbirth will not be considered to be Accident or Emergency expenses, and will therefore not be covered.

For the optional dental and optical cover, the same geographic area will apply as for the other medical expenses.

The choice of geographic area has to be made before the coverage takes effect, and can only be changed at the annual renewal date.

With respect to countries where war or warlike situations exist reference is explicitly made to the separate conditions related to the emergency medical evacuation cover, as set out in Chapter III.

1.9. Currency

The medical plan can be taken out in € (EURO), in \$ (US Dollar) or in CHF (Swiss Franc). All optional options shall be taken in the same currency. The choice of currency has to be made (by the Policyholder) before the coverage takes effect, and can only be changed at the annual renewal date. Premiums and claims shall be payable in EUR, in USD or in CHF, according to the currency in which the policy has been concluded.

With respect to expenses incurred in another currency than the currency of the policy, the conversion will be based on the European Central Bank daily Rate of Exchange in effect on the date the medical service has been billed. The Claims Handler may settle medical bills in a currency other than the currency of the insurance policy, viz. in the original currency, especially in case of direct payment to hospitals insofar as allowed under the local legislation of the country concerned.

1.10. General Exclusions

In case the two arbitrators do not arrive at an agreement, they shall designate a third arbitrator. If they fail to agree on the choice of this third arbitrator, the Tribunal de Grande Instance de Paris, upon request of the most diligent party, will choose the arbitrator. 2.1.3.6.1. Claims Procedure

Each claim has to be submitted to the Third-Party Administrator, in writing or via e-mail by using scanned copies, using the special claim forms made available by the Third-Party Administrator (e.g. through the dedicated website) as soon as possible after the event giving rise to the claim. The claim has to be accompanied by the original supporting documentation including all relevant invoices, and proof of payment whenever requested by the Insurer. Diagnosis and full details (name and dosage) of prescribed medicine must be stated on the original bill and the claim form.

Moreover, in case of Accident, the Insured has to provide following additional information:

- date and detailed description of circumstances and place of the Accident;
- identity of persons involved, as well as of witnesses and persons possibly liable;
- official report from local authorities (police or other).

As indicated above, the Insured can choose to send scanned copies of the claims and all supporting documents by e-mail, on the condition that the claimed expenses are equal to or lower than 500 EUR / 675 USD / 750 CHF. Should the Insured choose to send scanned copies of the invoice and the claim form via email, he shall keep the original invoices for a minimum period of 12 months. During this period, the Insurer reserves the right to ask for the original invoices at any time.

2.1.3.6.2. Coordination of Benefits - Other Insurance

If the Insured is entitled to a reimbursement by another insurer or social security system, the amount reimbursed by the other insurance will be deducted from the amount of reimbursement as determined in accordance with the provisions of article 2.1.2. ('Benefits'). In that case the Insured has to attach (to his/her claim) copies of the pertaining medical bills and the original settlement notes (with details of the amount reimbursed) provided by the other insurer or the social security system concerned.

Total reimbursement for any given claim will never exceed the total amount of expenses actually incurred by the Insured.

2.1.3.6.3. Payment of Medical Claims

The Third-Party Administrator shall effect reimbursement of the covered reasonable and customary medical expenses (up to the limits defined in these General Conditions) following the receipt of the claim form and the relevant and complete written evidence of the medical expenses (original invoices of medical providers etc.).

Reimbursements shall be made to the Insured, but if the Insured has deceased, payment shall be made in the sole discretion of the Insurers, or to any person submitting satisfactory evidence that he/she is entitled to such payment.

Benefits may be assigned to hospitals directly.

2.1.3.7. Medical Information and Examination

Whenever required for the smooth settlement of the claims related to the insurance cover provided by the Plan, and in accordance with the French legislation regarding the protection of personal data, the Insured is obliged to provide (directly or through his/her Doctor) all the necessary medical information requested by the Insurer through the Third-Party Administrator. Confidential information may be forwarded under sealed envelope to the Insurer's Medical Consultant.

Whenever deemed necessary for the assessment of a claim, the Insurer is allowed to request a medical examination of the Insured, performed by a Doctor appointed by the Insurer, at the Insurer's expense.

The Insured can ask for his/her own Doctor to be present at this examination, the costs for the own Doctor to be borne by the Insured himself/herself.

In case the Insured and/or the Insured's Dependants do not comply with above obligations to provide the requested medical information or examination, the Insurer can refuse payment of benefits.

2.1.3.8. Time limitation

Claims should be reported to the Third-Party Administrator as soon as possible after their occurrence. For some Treatments, pre-certification is required (see article 2.1.3.4. 'Pre-certification requirement'). In any case, claims have to be received by the Insurer (through the Third-Party Administrator) no later than two (2) years after the event giving rise to the claim occurred. Beyond this maximum term of two (2) years, no claim will qualify for payment by the Insurer.

In case of policy cancellation by the Policyholder, all claims must be received by Insurer within 10 months of cancellation. Beyond which no claim will qualify for reimbursement.

2.1.4. Optional Dental & Optical Insurance

2.1.4.1. Eligibility

The optional dental & optical insurance is only open to persons

- a) take out the dental insurance or not (i.e. all family members or none);

With respect to insurance covers 'Emergency Medical Evacuation and Repatriation', the Insured is obliged to inform the Insurer (through the Third-Party Administrator) of any change in circumstances or conditions that may increase the risk to Illness or Accident (e.g. dangerous professional activity). The Insurer may then propose new insurance conditions (within a period of one month after having received notification of the aggravation of the risk) or cancel the insurance cover (within one month) retro-actively as from the moment of the start of the aggravation of the risk.

In its capacity as the underwriting insurer of the Plan and in particular of the Emergency Medical Evacuation and Repatriation guarantee, the Insurer remains committed to providing to the Insured the services to the extent mentioned in the present Chapter III of the General Conditions, and consequently, will endeavour to fulfil - by its own means or through contracting out to another third party - the contractual obligations and the continuity thereof (e.g. in case of unexpected dissolution or winding up of the operations of AXA Assistance).

5.1.1.5.1. Accidental Death

In case of death of the Insured, caused by an Accident, the lump sum payable by the Insurer (to the beneficiaries of the Insured) will be equal to 100% of the sum insured, the amount of which is mentioned in the Special Conditions.

In case the Insurer paid a benefit for accidental permanent disability, the benefit payable in case of ensuing death (within the time frame as mentioned in article 3 of the present chapter) caused by the same Accident which led to the Disability will be reduced by the amount already paid for the Disability.

5.1.1.5.2. Permanent Disability (following an accident)

In case of Permanent disability of the Insured caused by an Accident, the lump sum payable by the Insurer (to the Insured) will be equal to the amount of the sum insured (as mentioned in the Special Conditions) multiplied by the degree of Disability (percentage), the latter being determined in accordance with the 'Table of Dismemberment' hereafter. Permanent disability of a degree of less than 20% will not qualify for payment of any benefit.

If the permanent disability caused by the accident amounts to 20% or more than 20% according to the 'Table of Dismemberment' hereafter, the benefit amounts to the corresponding percentage (%) of the sum insured.

5.1.1.6.2. Permanent nature of the disability

In order to qualify for payment of the insured benefit, the Disability has to be of a permanent nature, meaning that it has been medically determined that continuation of the Medical Treatment will not lead to any significant improvement of the person's state of health, and that the Disability will therefore be definitive and irreversible.

5.1.1.6.3. Pre-existing state of infirmity

A pre-existing state of infirmity of limbs or organs, cannot be taken into account for the assessment of the injuries that are caused by the Accident.

5.1.1.6.4. Maximum degree of disability

The degree of permanent disability can never exceed 100%.

Under no circumstances the sum payable by the Insurer will exceed 100% of the sum insured.

5.1.1.6.5. Several injuries affecting the same limb

In case of several injuries or infirmities resulting from the same Accident or from successive Accidents, each Injury or infirmity will be assessed separately, but the sum of Injuries or infirmities affecting a limb may not lead to a degree of Disability exceeding the degree of Disability corresponding to the full loss of the limb concerned.

5.1.1.6.6. Events or infirmities not listed in the Table of Dismemberment

For events or infirmities not listed in the 'Table of Dismemberment, the degree of Disability shall be determined by reference to the listed events or infirmities: the 'Table of Dismemberment will be used as a guide to assess the degree of disability by analogy with listed items.

The sum payable will in no case be less than the amount payable for any reasonably analogous event or infirmity, listed in the Table of Dismemberment.

5.1.1.6.7. Total loss of use of a limb

Total loss of use of a limb will be considered being equal to the loss of the limb itself.

5.1.1.6.8. Left-handed persons

Left-handed persons, upon declaration of left-handedness in the place indicated on the declaration of state of health, shall receive scaled benefits related to the upper right limb instead of upper left limb, and vice-versa.

5.1.1.6.9. Aggravating facts

In the case of aggravation of the consequences of an Accident as a result of infirmities, Sickness or circumstances independent of the accidental cause, the degree of Disability cannot be superior to the one that would have been determined if the Accident had struck a healthy organism.

5.1.1.7. Additional exclusions

In addition to the general exclusions mentioned under article 4.10 and 4.11, Chapter IV of these General Conditions, following exclusions shall apply to the Personal Accident Cover (Accidental Death & Dismemberment):

- Accidents resulting from obviously foolhardy and/or reckless acts by the Insured, or accidents he/she has intentionally caused or provoked;
- the consequences of suicide or of suicide attempts;
- Accidents occurring in a state of intoxication or under the influence of non-prescribed drugs except if it is established by the insured or the beneficiaries that such state was not the cause of the Accident;
- Accidents provoked by ionising radiations other than the medical radiations required by covered Medical Treatment;
- Disability and/or death resulting from an Illness.
- Accidents occurring during the Insured's participation in an air sport (including hang gliding, paragliding, gliding) or in any of the following sports: skeleton, bobsleigh, ski-jumping, mountain-climbing with roping, rock-climbing, skin diving with self-contained apparatus, spelunking, bungee-jumping, skydiving;

5.1.1.8. Obligations to be fulfilled by the insured

5.1.1.8.1. Declaration of accident

Any accident that leads or that could lead to Disability or death must be declared in writing to the Insurer (through the Third-party Administrator) within a fortnight after the Accident occurred.

The declaration must contain all information relating to the Accident, including:

- place, date and detailed circumstances of the Accident;
- names and addresses of persons involved;
- names and addresses of witnesses and of persons possibly liable;
- the official report from the local authorities (e.g. police report or other relevant documents).

A medical certificate must be attached to this declaration, indicating the nature and extent of the Injuries of the Insured and the probable duration of the Disability.

5.1.1.8.2. Changes to the extent of the Disability

Any changes to the extent of the Disability must be communicated by the Insured to the Insurer (through the Third-party Administrator) within a month. In the absence of such communication, any amount unduly paid to the Insured person will have to be refunded by him/her to the Insurer.

5.1.1.8.3. Medical information

The Insured shall authorise his/her attending Physician to communicate all relevant information concerning the Insured's state of health to the Insurer's Medical Consultant.

5.1.1.8.4. Force Majeure

There shall be no loss of cover if the Insured can prove that the obligations, as stipulated by this article, have not been fulfilled as a result of circumstances totally beyond his/her control ('force majeure'), or if the good faith of the Insured cannot be called into question.

5.1.1.8.5. Payment of the Benefit

In case of death caused by an Accident, the Insurer will pay the lump sum insured to the Insured's designated beneficiaries (or the lawful heir(s) in case no beneficiaries have been declared on the said form) within a month of receiving :

- the documents mentioned under article 5.1.1.8.1. ('Declaration of Accident'), and
- copy of the birth certificate of the deceased or a certificate of civil status, and
- an original death certificate, and
- a medical certificate, established by a Doctor, stating the cause of death,

Before the claim can be paid, the causal link between the Accident and death should have been established.

The burden of proof lies with the beneficiaries.

In case of permanent disability caused by an Accident, the Insurer will pay the lump sum insured to the Policyholder. Following documents have to be provided to the Third-party Administrator:

- the documents mentioned under 5.1.1.8.1. ('Declaration of Accident')
- copy of the birth certificate of the Insured concerned or a certificate of civil status
- a detailed medical certificate , established by the attending Physician, stating the cause of the Disability, accompanied by all relevant documents needed to accurately assess the disability (see article 5.1.1.6. above)

After all documents have been received by the Third-party Administrator and the condition of the Insured concerned has sufficiently stabilised to allow the Insurer's Medical Consultant to assess degree of Disability (according to the provisions as set out in article 5.1.1.6. 'Assessment of the degree of permanent disability'), payment of the Insured sum due will be made within one month.

5.1.1.8.6. Nomination of Beneficiary

At the inception of the policy, the Policyholder has to provide the Third-Party Administrator with a 'Nomination of Beneficiaries' form duly signed by the Insured. Any change of beneficiary must be done on the 'Change of Beneficiary Form' and duly signed by the Insured. Beneficiaries are kept up to date by the Claims Handler.

5.1.2. Temporary Incapacity Cover (Loss of Income)

5.1.2.1. Purpose and Eligibility

The purpose of the Temporary Incapacity Cover is to guarantee to the Insured, after the waiting period as defined hereafter, the payment of a monthly allowance during a maximum period of 2 years, in case the Insured is totally unable to perform his/her professional occupation.

The Temporary Incapacity Cover can only be taken out for an Insured.

5.1.2.2. Medical Acceptance into the Insurance

Joining the Temporary Incapacity Cover is subject to the acceptance of the applicant-insured into the insurance by the Insurer's Medical Consultant. If one subscribes to the temporary incapacity cover on a later date than the medical cover, a new medical questionnaire has to be filled out.

5.1.2.3. Temporary Incapacity Benefit

The 'temporary incapacity' insurance provides for a monthly allowance in case the Insured - further to an Accident or an Illness - is totally unable to perform his/her own professional occupation (i.e. the usual professional occupation at the time the incapacity started).

5.1.2.4. Waiting Period

The allowance is payable after a waiting period of 90 days (for which no benefits are due) of uninterrupted total incapacity to perform the own professional occupation.

The waiting period shall commence on the starting date of the incapacity, as determined by the treating Physician.

5.1.2.5. Assessment of the Incapacity

The incapacity has to be supported by sufficient medical evidence, to be presented by the Insured or his/her Physician to the Medical Consultant of the Insurer.

The Insurer's Medical Consultant has the right to ask for relevant additional information and/or have the Insured medically examined to assess the incapacity.

5.1.2.6. Amount and duration of the Benefit

The amount of the monthly allowance in case of total incapacity of the Insured to perform his/her own professional occupation is mentioned in the Special Conditions.

The minimum and maximum amounts (monthly allowance) to be insured is specified on the table of benefits. The amount insured cannot exceed 80% of the gross (monthly) salary of the Insured.

The Policyholder shall submit to the Third-party Administrator a copy of the latest salary statement of the Insured.

After the waiting period of 90 days, the allowance will be paid as long as the Insured is unable to perform his/her occupation, limited however to a maximum period of 2 years.

5.1.2.7. Partial resumption of work

Persons who (after the 90 days waiting period) are benefiting from the monthly allowance and whose condition is improving to such an extent that they are capable of partially resuming work, may continue (within the limits of the maximum period of 2 years after the waiting period) to receive an allowance. The amount of this allowance will however be reduced, and will be calculated by multiplying the (total monthly) sum insured by the percentage of the (remaining) incapacity.

In case the incapacity would become less than 30%, the allowance will be discontinued.

5.1.2.8. Relapse

In the event of a relapse, the payment of the allowance shall be resumed without application of a new waiting period. By a relapse is meant the incapacity to work, which arises within three months of the end of incapacity covered by this insurance policy, and which is caused by the same Illness or the same Accident. Any additional incapacity resulting from another cause shall be subject to a new waiting period of 90 days.

5.1.2.9. Benefit payment

The incapacity allowance shall be payable, to the Policyholder, at the end of each month, and for the first time at the end of the month following the expiration of the waiting period. If the incapacity to work comes to an end in the course of a month, the allowance shall be proportional to the number of days lapsed in that month.

Payments shall cease at the event of one of the following occasions:

- when the degree of incapacity becomes less than 30%;
- on the death of the Insured person;
- at the end of the period of 2 years of payment of the allowances;
- in the event of the insurance policy being terminated for the non-payment of premium;
- on the renewal date after the 65th birthday of the Insured person;
- when the Insured fully resumes work.

5.1.2.10. Additional exclusions

In addition to the general exclusions mentioned in articles 4.10 and 4.11 Chapter IV of these General Conditions, the following exclusions apply to the Temporary Incapacity cover:

5.1.2.10.1. Maternity leave and childbirth

Maternity leave and incapacity to work because of childbirth are not covered. They will not be taken into account for the calculation of any waiting period and will not give rise to any benefits.

In case the Insured would however be in receipt of benefits for temporary incapacity for other reasons (than childbirth or maternity leave) during which period the maternity leave would start, the payment of benefits will be suspended to resume only after the end of the maternity leave, and only in case if the Insured is then still unable to resume work.

If on the expiry date of the normal maternity leave of a female Insured, a health condition exists which prevents the Insured from fully resuming her usual professional occupation (total inability to work), the waiting period will start as from that date.

5.1.2.10.2. Dangerous sports

The practice of any sport activity in deliberate breach of public rules of security in such a manner that the Insured could not ignore the risk, including the consequences of an accident during the Insured's participation in an air sport (including hang gliding, paragliding, gliding) or in any of the following sports: skeleton, bobsleigh, ski-jumping, mountain-climbing with roping, rock-climbing, skin diving with self-contained apparatus, spelunking, bungee-jumping, skydiving;

5.1.2.11. Obligations to be fulfilled by the Insured and/or the Policyholder

5.1.2.11.1.1. Notification of incapacity

In case of incapacity to perform the usual professional occupation because of Illness or Accident, such incapacity has to be notified by the Policyholder to the Third-party Administrator in writing as soon as possible and at the latest on the 91st day of the incapacity. At the same time, a medical report, established by the treating Physician of the incapacitated person, indicating the nature and extent of the incapacity of the Insured as well as the probable duration of the incapacity, has to be forwarded to the Third-party Administrator, for the attention of the Insurer's Medical Consultant. Furthermore, a proof of income has to be provided.

5.1.2.11.1.2. Changes to the extent of the incapacity

Any changes to the extent of the incapacity must be communicated by the Insured or his/her Doctor to the Insurer's Medical Consultant (through the Third-party Administrator) within a month. In the absence of such communication, any amount unduly paid to the Insured person will have to be refunded by him/her to the Insurer.

5.1.2.11.1.3. Medical information

The Insured shall authorise his/her attending Physician to communicate all relevant information concerning the Insured's state of health to the Insurer's Medical Consultant.

5.1.2.11.1.4. Force Majeure

There shall be no loss of cover if the Insured can prove that the obligations, as stipulated by this article, have not been fulfilled as a result of circumstances totally beyond his/her control ('Force Majeure'), or if the good faith of the Insured cannot be called into question.

5.1.3. Permanent Disability Cover (resulting from illness and/or accident)

5.1.3.1. Purpose and eligibility

5.1.3.1.1. Purpose

The purpose of the Permanent Disability Cover is to guarantee payment of a lump sum benefit to the Insured who is affected before the age of 65 by a permanent disability caused by an Illness or Accident, prohibiting him/her from fully or partially continuing his/her professional occupation, therefore leading to a total or partial loss of income.

The insurance covers permanent disability caused by an Illness or Accident and amounting to a degree exceeding 33.33%.

Moreover, in case the degree of disability exceeds 66.67%, and if the Insured needs the assistance of a third person to perform the basic activities of daily living, the insurance guarantees an additional lump sum benefit, in accordance with the provisions as set out below.

5.1.3.1.2. Eligibility

The Permanent Disability Cover can only be taken out as an optional insurance (supplement) to the Temporary Incapacity Cover. The Permanent Disability Cover can only be taken out for or by an Insured and his Domestic Partner or Legal Partner and is not available to children of the Insured. If the Domestic Partner or Legal Partner of the Insured wishes to subscribe for the Temporary Incapacity Cover, he/she has to have a professional occupation and must provide proof of income.

5.1.3.2. Medical Acceptance into the Insurance

Joining the Permanent Disability Cover is subject to the acceptance of the applicant-insured into the insurance by the Insurer's Medical Consultant.

5.1.3.3. Definition of Permanent Disability (resulting from illness and/or accident)

5.1.3.3.1. Disability

An Insured is considered to be disabled because of Illness or Accident, if:

- his/her ability to work, i.e. the ability to perform his/her normal professional occupation (occupation at the time the disability started) or any other gainful occupation for which he/she is reasonably fitted by training, education or experience;
- his/her ability to function in general has been reduced because of the Illness or Accident concerned.

In order to qualify for the insured benefits, it has to be medically determined that the Insured's Disability is of a permanent nature and that the degree of (the combination of both) occupational and functional disability exceeds 33.33% according to the disability table hereafter (article 5.1.3.5. – Assessment of disability).

5.1.3.3.2. Permanent

'Permanent' means that continuation of the Medical Treatment will not lead to any significant improvement of the person's state of health, and that the Disability will therefore be definitive and irreversible.

5.1.3.4. Waiting period

The Permanent Disability Cover is a supplement to the Temporary Incapacity Cover.

Benefit payment will therefore start at the earliest after the allowances paid by the Insurer within the framework of the Temporary Incapacity Cover have come to an end.

5.1.3.5. Assessment of disability

The degree of permanent disability will be determined by means of a medical examination.

To this end, the Insurer (or the Third-party Administrator on behalf of the Insurer) will appoint a Doctor to determine the degree of Disability in accordance with the disability table hereafter:

Disability table	Degree of functional disability								
Degree of occupational disability	20%	30%	40%	50%	60%	70%	80%	90%	100%
10%						36.59	40.00	43.27	46.42

100%	34.20	44.81	54.29	63.00	71.14	78.84	86.18	93.22	100.00

5.1.3.6. Amount and duration of the benefit

5.1.3.6.1. Calculation of the sum insured

Sum insured

The amount of the sum insured is mentioned in the Special Conditions.

Deductible

No benefits will be due for Disabilities of less than 33.33 % (=1/3).

Degree of permanent disability between 33.33 % (= 1/3) and 66.67 % (=2/3)

If the degree of disability, as determined in accordance with the stipulations of articles 5.1.3.3. and 5.1.3.5. above, is situated between 33.33 % and 66.67 %, then the amount of the disability lump sum will be calculated as follows:

$((3 \times n) - 1) \times \text{sum insured, 'n' being the degree of disability (\%)}$

Degree of permanent disability exceeding 66.67 % (=2/3)

If the degree of Disability, as determined in accordance with the stipulations of articles 5.1.3.3. and 5.1.3.5. above, exceeds 66.67 %, then the amount of the disability lump sum will be equal to the amount of the insured allowance (100%).

5.1.3.6.2. Additional lump sum benefit in case of need of assistance of a third person

If from the start of the Disability (i.e. as from the start of the payment of the disability allowance) the degree of permanent disability exceeds 66.67%, and if the Insured, as from the start of the Disability, needs the assistance of a third person to be able to perform the following activities of daily living:

- feeding oneself (taking and eating prepared food);
- dressing oneself;
- washing oneself;
- being continent;
- moving around (transferring from a bed to a chair or vice versa, and ability to move on level surfaces);

then the Insurer will pay a once-only optional benefit as specified in the table of benefits (single lump sum) to the Insured.

5.1.3.7. Benefit payment

Before payment can be made, the Third-party Administrator should have received a copy of the Insured's birth certificate or a certificate of civil status.

5.1.3.8. Additional exclusions

In addition to the general exclusions mentioned in 4.10. and 4.11., Chapter IV of these General Conditions , the following exclusions apply to the Permanent Disability Cover:

- The practice of any sport activity in deliberate breach of public rules of security in such a manner that the Insured couldn't ignore the risk including the consequences of an accident during the Insured's participation in an air sport (including hang gliding, paragliding, gliding) or in any of the following sports: skeleton, bobsleigh, ski-jumping, mountain-climbing with roping, rock-climbing, skin diving with self-contained apparatus, spelunking, bungee-jumping, skydiving;

5.1.3.9. Obligations to be fulfilled by the insured

Assessment of disability - Medical information

The Disability has to be supported by sufficient medical evidence, to be presented by the Insured or his/her Physician to the Medical Consultant of the Insurer.

The Insured shall authorise his/her attending Physician to communicate all relevant information concerning the Insured's state of health to the Insurer's Medical Consultant.

The Insurer's Medical Consultant has the right to ask for relevant additional information and/or have the insured person medically examined to assess the incapacity.

Changes to the extent of the disability

Any changes to the extent of the disability must be communicated by the Insured to the Insurer (through the Third-party Administrator) within a month. In the absence of such communication, any amount unduly paid to the Insured person will have to be refunded by him/her to the Insurer.
