axaglobalhealthcare.com

We're here whenever you need to talk to a medical expert – not just when you need to claim.

Get the latest information on vaccinations or health precautions before travelling. Check on symptoms that are worrying you. Understand the facts on a health condition. Or simply call for support and reassurance.

- ✓ Nurses, midwives, pharmacists and counsellors ready to talk to you. Midwives and pharmacists are available Monday to Friday from 08:00 to 20:00 GMT; Saturday and UK public holidays from 08:00 to 16:00 GMT; and Sunday 08:00 to 12:00 GMT.
- ✓ Completely confidential and completely separate from our claims service.

You can choose to remain anonymous with no record of your call. Or you can ask us to make a note of your call in case you want to call again.

We can't diagnose medical conditions or prescribe medicine, but we can give the latest information about specific illnesses and conditions, treatments and medicine, as well as provide guidance and support.

1 Introduction to your policy

This policy meets the demands and needs of someone seeking the cover set out in the following sections 1.2, 1.3, 1.4, 1.5, 1.6, 1.7 and 1.8 and should be read alongside your membership statement which shows which cover level and policy options you have bought.

This section explains the basics of what you are covered for. It also tells you some of the key things that are not covered too.

Reading this section will help you to understand the rest of the information in the handbook.

The tables in this section only give you an outline of your cover. For full details, please read the rest of your handbook too.

- 1.1 > Currency that applies to your policy
- 1.2 > Countries where you are covered
- 1.3 > Your overall policy limit
- 1.4 > Your cover
- 1.5 > The main things we don't cover
- 1.6 > Understanding what are reasonable and customary charges
- 1.7 > Your cover for emergency treatment in the USA – for members who have not added USA cover
- 1.8 > Your cover for emergency evacuation and repatriation

Words and phrases in bold type

Some of the words and phrases we use in this handbook have a specific meaning, for example, when we talk about treatment.

We've highlighted these words in bold. You can find their meanings in the glossary.

You and your

When we use you and your, we mean the policyholder and any family members covered by your policy.

We, us and our

When we use 'we', 'us' or 'our', we mean AXA Global Healthcare (UK) Limited acting on behalf of AXA PPP healthcare Limited, who is the insurance company who underwrite this product.

1.1 > Currency that applies to your policy

We will pay you in the currency that you request when you make a claim.

The currency must be in our list of currencies we can pay in. To see the list, go to axaglobalhealthcare.com/currencies.

We will use the exchange rate listed in the Financial Times Guide to World Currencies on the day of your treatment for **out-patient** and **day-patient** treatment, and the day of your admission for **in-patient** treatment.

Where there are currency or exchange rate controls in place, we may not use the rate listed in the Financial Times. In these circumstances, we may contact you to request evidence of the exchange rate used when you purchased the currency and we will use that exchange rate to reimburse you.

1.2 > Countries where you are covered

Your cover applies for treatment you receive in any country excluding the USA.

If you have added the optional USA cover, your cover applies for treatment you receive in the USA too. Your membership statement will show if you have USA cover.

Country where you normally live

The **country where you normally live** is the country where the **policyholder** lives or intends to live for most of the **year**. It will be shown as your address on your membership statement. You must tell us if there is any change to the **country where you normally live**.

1.3 > Your overall policy limit

This table shows the maximum amount we will pay for claims, per **year**, for each member covered by your **policy**.

Some parts of your cover have their own separate limits, which are all listed in this handbook.

Overall **policy** limit

Overall **policy** limit per member

- ✓ £5,000,000 or
- ✓ \$8,000,000 or
- ✓ €6,375,000

- Does not apply to evacuation and repatriation costs.
- » See 1.8 Your cover for emergency evacuation and repatriation

Policy limits are shown in the following three currencies:

Only the currency you requested when you took out your policy applies to your policy.

£ = Pound Sterling

\$ = United States Dollars

€ = Euro

1.5 > The main things we don't cover

Like all health insurance plans, there are a few things that your **policy** isn't designed to cover.

We've listed the most significant things here, but please also see the detail later in your handbook.

What are the key things my policy doesn't cover?

Your policy does not cover	For more information	Notes
✗ Treatment of medical conditions you had, or had symptoms of, before you joined	» See 3.2 How your policy works with pre-existing conditions and symptoms of them	Your policy is designed to cover necessary treatment of new medical conditions that arise after you join.
✗ Non-emergency treatment you receive in the USA, unless you have added USA cover		If you have added USA cover, your cover extends to treatment in the USA too. » See 1.2 Countries where you are covered and 1.7 Your cover for emergency treatment in the USA
✗ Charges that are above the reasonable and customary charges for the treatment		» See 1.6 Understanding what are reasonable and customary charges
✗ The cost of arranging treatment		Your policy does not cover the cost of arranging treatment. Such as phone calls and travelling expenses.

1.6 > Understanding what are reasonable and customary charges

We will only pay for charges for treatment that the **hospital** or **medical practitioner** would reasonably and customarily charge in the country where you have the treatment.

We may check what charges are reasonable and customary with a government health department or independent third party.

Treatment from medical practitioners in the UK

Charges are reasonable and customary if they are no higher than listed in our schedule of procedures and fees.

Treatment from physiotherapists and complementary practitioners in the UK

Charges are reasonable and customary if they are no higher than those we have agreed with **physiotherapists** and **complementary practitioners**.

Treatment at hospitals, scanning centres and day-patient units in the UK

For **hospitals, scanning centres** and **day-patient units** listed in our **UK Directory of hospitals**, charges are reasonable and customary if they are no higher than those we have agreed with them.

For other **hospitals, scanning centres** and **day-patient units** in the UK, charges are reasonable and customary if they are no higher than the normal daily rates published by the **hospital, scanning centre** or **day-patient unit**.

1.7 > Your cover for emergency treatment in the USA – for members who have not added USA cover

Your **policy** is designed to cover you for treatment outside the USA. It also gives you some emergency cover in the USA.

What cover do I have in the USA?

We will pay for **in-patient** or **day-patient** treatment needed for an emergency **medical condition** that you suffer suddenly while you are in the USA.

We will not pay if you have travelled to the USA to get treatment, or if you have travelled against medical advice (including the published advice of the Chief Medical Officer of the Department of Health of England).

1.8 > Your cover for emergency evacuation and repatriation

Call us on +44 (0)1892 513 999 for emergency evacuation and repatriation.

We will cover the costs of emergency evacuation if:

- you are, or need to be, admitted as an emergency **in-patient**, and
- our appointed doctor and the treating doctor believe your current or nearest medical facilities are not able to provide the treatment you need.

We will cover the costs of repatriating you if we have agreed to cover your emergency evacuation.

We will not cover the cost of evacuating or repatriating you if you decide to travel elsewhere for treatment and we believe the nearest medical facilities are adequate for your treatment. This includes if you decide you want to travel back to the **country where you normally live** for your treatment.

What to do if you need emergency transportation in Africa

If you receive an injury or suffer from an illness and cannot be medically treated in the area where the incident has occurred we can arrange for you to be transported to the nearest and most appropriate medical facility, in Africa, to receive medical treatment.

This service is offered:

- to members who are not yet admitted to **hospital** but following a firm diagnosis by a medical professional; and
- when it is clear that it is not medically appropriate to be treated where you are.

How emergency evacuation and repatriation cover works

If you are admitted as an emergency **in-patient** and you or the treating doctor believe that the local medical facilities are not adequate to treat you, ask somebody to call our emergency number.

We will appoint a doctor who will be able to assess the facilities and the evacuation or repatriation service detailed at the beginning of this section will apply.

What costs we will cover

If the doctor we appoint decides that the facilities are not adequate to treat you, we will cover the reasonable costs of either:

- evacuating you to a suitable medical facility for treatment in the country you are in; or
- evacuating you to a suitable medical facility in a different country for treatment.

When you are discharged from the medical facility you were evacuated to, we will cover the costs of repatriating you to one of the following:

- the place or **country where you normally live**
- a country that you hold a passport for.

We will cover these costs so long as we have agreed the method of transport to be used, and date and time of your evacuation or repatriation before it takes place.

We will also cover the cost of any necessary treatment given to you by our chosen evacuation agency while they are moving you.

Repatriation following death

If you die outside a country that you hold a passport for, we will cover the cost of transporting your body back to a port or airport in:

- the **country where you normally live**, or
- a country you hold a passport for.

The relevant exclusions for emergency evacuation and repatriation also apply to repatriation following death.

Will other members of my family or friends be able to travel with me?

If the member who needs to be evacuated or repatriated is under 18, we will cover the additional reasonable and necessary transport and accommodation costs for someone, aged 18 or over, to accompany them on their journey. If the member who needs to be evacuated or repatriated is over 18, we may agree to cover these costs if we believe it is medically appropriate.

Once our member reaches their evacuation destination, we will not cover the accompanying person's further costs.

What cover do I have if a family member covered by a product underwritten by AXA PPP healthcare is evacuated or repatriated?

Your cover depends on whether they are evacuated or repatriated either from the location where you both normally live or whether you are travelling together at the time.

If you are travelling away from home with a **family member** who is covered by a product underwritten by AXA PPP healthcare and they are evacuated or repatriated, we will pay for your additional reasonable and necessary transport and accommodation costs that result from the evacuation or repatriation. We will do this if it is medically appropriate for you to travel with the **family member**.

If you are both at the location where you normally live and they have to be evacuated or repatriated from that location, we will pay for your additional reasonable and necessary transport costs that result from the evacuation or repatriation. We will do this if it is medically appropriate for you to travel with the **family member**. We will not cover your accommodation costs.

What will happen to my travel ticket?

Any unused portion of the travel tickets belonging to you or anyone that we evacuate with you will immediately become our property. You must give the tickets to us.

Can I choose to travel to a particular country for treatment?

You can choose to go to a particular country for treatment, but we will not cover the cost of travelling to that country. Once you are in that country, the terms of your **policy** apply as normal.

Exclusions that apply to your cover for emergency evacuation and repatriation

You are not covered for emergency evacuation or repatriation if any of the following apply:

- the **medical condition** does not need immediate emergency **in-patient** treatment
- the **medical condition** does not prevent you from travelling or working
- the **medical condition** is directly or indirectly caused by a deliberately self-inflicted injury, suicide or an attempt at suicide
- the **medical condition** is in any way connected with alcohol abuse, drug abuse or substance abuse
- the **medical condition** is a result of engaging in or training for any sport for which you receive a salary or monetary reimbursement, including grants or sponsorship (unless you only receive travel costs)
- the **medical condition** is a result of base jumping, cliff diving, flying in an unlicensed aircraft or as a learner, martial arts, free climbing, mountaineering with or without ropes, scuba diving to a depth of more than 10 metres, trekking to a height of over 2,500 metres, bungee jumping, canyoning, hang-gliding, paragliding or microlighting, parachuting, potholing, skiing off piste or any other winter sports activity carried out off piste

- the evacuation would involve moving you from a ship, oil-rig platform or similar off-shore location
- we have not approved the evacuation or repatriation first
- we have not been told about the **medical condition** within 30 days of the condition becoming an emergency (unless this was not reasonably possible)
- the **medical condition** is a result of nuclear, biological or chemical contamination, war (whether declared or not), act of foreign enemy, invasion, civil war, riot, rebellion, insurrection, revolution, overthrow of a legally constituted government, explosions of war weapons or any event similar to one of those listed
- the emergency occurs when you are on a leisure trip to a destination to which the UK Foreign and Commonwealth Office either advises against all travel, or advises against all travel on holiday or non-essential business.

Limits on our liability under your cover for emergency evacuation and repatriation

We will not be liable for:

- any failure or delay in providing emergency evacuation or repatriation
- injury or death while you are being moved.

These limits do not apply if the failure or delay is caused by our negligence or the negligence of someone we have appointed to act for us.

2 Making a claim

1

Get in touch with us before you see the medical practitioner

- Go to your account at axaglobalhealthcare.com/customer
- Call us on +44 (0)1892 556 274
- For treatment in the USA, call us on +1 800 308 2611

Make sure you contact us before you see the medical practitioner or have any treatment.

We'll be able to explain your cover so you don't end up having to pay for treatment you're not covered for.

2

We'll check your cover and let you know what happens next

We may ask you to provide more information, for example from your medical practitioner. You, or your medical practitioner must provide us with the information we ask for as soon as reasonably possible so that we can assess your claim.

2.1 > How we pay claims

About our network of hospitals

We have arrangements for making direct payments with some **hospitals**.

You can check these in our network of hospitals, which you will find at axaglobalhealthcare.com/customer

The **hospitals** in the network of hospitals are continuously reviewed, so you should always check with us before arranging any treatment.

Paying claims for in-patient and day-patient treatment at a hospital where we have arrangements for making direct payments

If you have your treatment at a **hospital** listed in our network of hospitals, we will pay the **hospital** directly for treatment covered by your **policy**.

You must tell the place where you have your treatment that you are an AXA member. This will mean that the fees charged for your treatment are those we have agreed with the **hospital** or **facility**.

Always remember to contact us before you have your treatment.

Paying claims for in-patient and day-patient treatment at other hospitals

If you have treatment that you are covered for at a **hospital** that is not in our network of hospitals, we may still be able to pay the **hospital** directly. Please tell the **hospital** that you are an AXA member when you are admitted. They will tell you if they can invoice us for your treatment directly or if they will invoice you.

Always remember to contact us before you have your treatment.

Paying claims for out-patient treatment

If you have **out-patient** treatment, most providers will ask you to pay for your treatment and then make your claim to us. However, some providers will allow you to have your **out-patient** treatment on the understanding that they will claim the cost back from us later. This is called ‘cashless out-patient treatment’.

If you pay for the treatment yourself

If you pay for any **out-patient** treatment yourself, always get a fully itemised invoice or receipt. You will need this if you want to claim, and for your own records.

We will pay you for the cost of the treatment we cover. If it turns out that your treatment or part of it is not covered, we will not reimburse you for the cost of the treatment that is not covered.

If you have ‘cashless out-patient treatment’

If you have ‘cashless out-patient treatment’, we will pay the provider after you have had your treatment. If it turns out that your treatment is not covered, you must pay us for the cost of the treatment.

You must show your AXA membership card and a separate form of photo ID when you have your treatment.

The treatments that we will cover as cashless treatments are:

- GP/family doctor consultations
- specialist consultations
- prescription drugs and dressings
- minor **diagnostic tests**, for example x-rays or ultrasounds
- blood tests
- up to the first five sessions of physiotherapy (you will need to ask us to pre-authorise further sessions)
- vaccinations.

Not all providers offer ‘cashless out-patient treatment’.

How should I claim if I have already paid for my treatment?

If you want to claim for medical bills you have paid yourself, you must make your claim within six months unless that is not reasonably possible. If your treatment is covered, we will refund you the costs.

Please contact us on the claims number or at axaglobalhealthcare.com/customer

We will explain how to claim. We will need the original itemised receipts or invoices for the treatment.

What happens if I receive a bill?

If you receive a bill, please contact us on the claims number or at axaglobalhealthcare.com/customer

We'll explain how to send the bill to us so that we can assess it.

What should I do if I need further treatment?

If you need further treatment, please call us first to confirm your cover.

What currency will I be paid in?

We will pay you in the currency that you request when you make a claim. The currency must be in our list of currencies we can pay in. To see the list, go to axaglobalhealthcare.com/currencies

We will use the exchange rate listed in the Financial Times Guide to World Currencies on the day of your treatment for **out-patient** and **day-patient** treatment, and the day of your admission for **in-patient** treatment.

Where there are currency or exchange rate controls in place, we may not use the rate listed

in the Financial Times. In these circumstances, we may contact you to request evidence of the exchange rate used when you purchased the currency and we will use that exchange rate to reimburse you.

Charges from your bank

You should contact your own bank to find out if they will make any charges for you to send or receive money, or to exchange currency. Any charges from your bank are not covered by your **policy**.

2.2 > The information we may need when you make a claim

When you call us, we will explain if your treatment is covered.

Usually, this all happens very quickly. However, sometimes we need more detailed medical information, including access to your medical records.

What does 'more detailed information' mean?

We may need more detailed information in any of the following ways:

- We may need your **medical practitioner** to send us more details about your **medical condition**. Your **medical practitioner** may charge you for providing this information. This charge is not covered by your **policy**.
- We may also ask you to give us consent to access your medical records.
- In some cases, we may also ask you to complete additional forms. We will need you to complete these forms as soon as possible, but no later than six months after your treatment starts (unless there is a good reason why this is not possible).

- Very rarely, we may have to ask a **medical practitioner** to advise us on the medical facts or examine you. In these cases, we will pay for the **medical practitioner** to do this and will take your personal circumstances into account when choosing the **medical practitioner**.

What happens if I don't want to give the information you've asked for?

If you do not give us information we ask for, or do not consent to our accessing your medical records when we ask, we will not be able to assess your claim and so will not be able to pay it. We may also ask you to pay back any money that we have previously paid to do with this **medical condition**.

2.3 > What if my treatment isn't covered?

If your **policy** does not cover your treatment, we will explain this and also tell you if there's any other way we can support you.

2.4 > What happens if I need emergency treatment?

If you need emergency treatment, you may not be able to call us before you have the treatment. Simply call us or ask someone to call us as soon as you can.

If you can, give your membership card to the **hospital** so that they can contact us whenever they need to.

- 3.7 > General restrictions

How your policy works

For full details of how your policy works, please read the rest of your handbook too.

Any questions?

If you're unsure how something works, please send us a message using your Customer Online account at axaglobalhealthcare.com/customer

It's usually quicker and easier than working it out from the handbook alone.

Or you can call us on +44 (0)1892 556 274 and we'll be very glad to explain.

Making a claim

If you would like to make a claim, please see section 2 Making a claim.

3.1 > The types of drugs, treatments and surgery that are covered

Your plan covers you for established medical treatments.

There is no cover for any treatment or procedure that is experimental or that has not been established as being effective.

The drugs, treatments and surgery we cover

We will pay for the use of drugs that have been established as being effective. This means the drug must be licensed for use by either:

- the European Medicines Agency (EMA), or
- by the US Food and Drug Administration (FDA) if the treatment is to be provided outside Europe.

The drug must be used within the terms of its licence.

For a **surgical procedure** to be covered it must be listed in our Schedule of Procedures and Fees.

We will also pay for treatment not listed in our Schedule of Procedures and Fees if, before the treatment begins, it is established that the treatment is recognised as appropriate by an authoritative medical body. This means procedures and practices must have undergone appropriate clinical trial and assessment, and be sufficiently evidenced in published medical journals.

What is not covered?

We will not pay for treatment that has not been established as being effective or which is experimental.

You are not covered for complications that arise as a result of authorised or unauthorised unproven or experimental treatment.

» **To check whether we will agree to cover a treatment, please call us on +44 (0)1892 556 274 before you start treatment**

3.2 > How your policy works with pre-existing conditions and symptoms of them

Your **policy** is designed to cover treatment of new **medical conditions** that begin after you join.

You may also be covered for treatment of conditions you were aware of or had already had when you joined. We call these conditions pre-existing conditions. Your cover for pre-existing conditions depends on the underwriting terms you joined on.

Your membership statement shows which underwriting terms you joined on. Here are the options:

- Fully underwritten (or full medical underwriting)
- Continuing medical exclusions
- Moratorium.

Definition of a pre-existing condition

A pre-existing condition is any disease, illness or injury that:

- you have received medication, advice or treatment for in the five years before the start of your cover, or
- you have experienced symptoms of in the five years before the start of your cover; whether or not the condition was diagnosed.

Underwriting terms

We have explained how each set of underwriting terms work and what cover you have for pre-existing conditions in the following panels.

If you are unsure about your cover for treatment of pre-existing conditions, it is always best to contact us.

Definition of fully underwritten or full medical underwriting

'Fully underwritten' means we asked you for details of your medical history, including any pre-existing conditions, before you joined. We then worked out your cover based on the information we received.

We list any special terms or exclusions on your membership statement – please check this carefully. For example, you may not have cover for something specific if you have had that condition in the past. Your statement will also show whether we can remove the exclusion after a period of time.

Definition of continuing medical exclusions

If you joined us on 'continuing medical exclusions' terms, we are carrying on your exclusions for **medical conditions** from your previous health insurer. This normally means we only asked you a few brief medical questions.

We listed any special terms or exclusions on your membership statement – please check this carefully. For example, you may not have cover for something specific if you have had that condition in the past. Your membership statement will also show whether we will remove the exclusion after a period of time.

If we carried on a moratorium from your previous healthcare insurance, the rules of your moratorium may be slightly different, and we may start the moratorium from when it originally began on your previous insurance. Your membership statement will show when your moratorium started.

Definition of moratorium

If you joined us on moratorium terms, it means that you do not have cover for treatment of medical problems you had in the five years before you joined us until:

- you have been a member for two **years** in a row, and
- you have had a period of two **years** in a row that have been trouble-free from that condition.

If you joined us from another health insurer or from a company policy, and we carried on your moratorium from that insurer, the rules may be slightly different, and we may start the moratorium from when it originally began on your previous insurance.

If you joined on moratorium terms, what do we mean by trouble-free?

Trouble-free means that, for the **medical condition** you need treatment for, you have not:

- had a medical opinion from a **medical practitioner**
- taken medication (including over-the-counter drugs)
- followed a special diet
- had medical treatment
- visited a **medical practitioner, complementary practitioner**, optician or dentist.

Specified conditions that we do not cover

If you joined us on moratorium terms and you had a pre-existing condition we will not cover the pre-existing condition or the specified conditions listed in this table.

Pre-existing condition at the time you join us	Specified conditions that we will not cover whatever their cause
You have been diagnosed with diabetes.	Diabetes Ischaemic heart disease Cataract Diabetic retinopathy Diabetic renal disease Arterial disease Stroke
You have had treatment for raised blood pressure (hypertension) in the five years before you joined.	Raised blood pressure Ischaemic heart disease Stroke Hypertensive renal failure
You have been under investigation, had treatment or undergone monitoring as a result of a Prostate Specific Antigen (PSA) test in the five years before you joined.	Any disorder of the prostate

What if you didn't tell us about a condition, symptom or treatment you knew about when we asked?

Whichever form of underwriting you joined on, we may have asked you some medical questions before agreeing your cover. We worked out your terms or your premium based on your answers. If you did not answer fully or accurately, even if this was by accident, we will not cover treatment for the condition.

This means we will not cover treatment for any conditions that you should have told us about when we asked, but that you either did not tell us about at all, or that you did not tell us the full extent of. This includes:

- any pre-existing or previous condition, whether you had treatment for them or not
- any previous **medical condition** that recurs
- any previous **medical condition** that you should reasonably have known about, even if you did not speak to a doctor.

Whenever you claim, we may ask your **medical practitioner** for more information to confirm whether you had any symptoms before you joined.

If we need to look at your medical history, we will need some time to do this before we can confirm whether we can cover your claim.

3.3 > How your policy works with conditions that last a long time or come back (chronic conditions)

Your **policy** covers both of these groups of conditions:

- unexpected illnesses and conditions that respond quickly to treatment (**acute conditions**)
- illnesses that recur, continue or require longer term treatment (**chronic conditions**).

Your cover for **in-patient treatment** of **chronic conditions** is limited to 120 days per admission.

What are acute conditions and chronic conditions?

Acute condition – An **acute condition** is a disease, illness or injury that is likely to respond quickly to treatment which aims to return you to the state of health you were in immediately before suffering the disease, illness or injury, or which leads to your full recovery.

Chronic condition – A **chronic condition** is a disease, illness or injury that has one or more of the following characteristics:

- It needs ongoing or long-term monitoring through consultations, examinations, check-ups and/or tests
- It needs ongoing or long-term control or relief of symptoms
- It requires your rehabilitation, or for you to be specially trained to cope with it
- It continues indefinitely
- It has no known cure
- It comes back or is likely to come back.

3.4 > Who can provide your treatment

Your **policy** covers you for treatment that is provided by:

- **medical practitioners**
- **complementary practitioners**
- **physiotherapists**

We will pay for their reasonable and customary charges for the treatment.

We will pay for the reasonable and customary charges for one surgeon and one anaesthetist for each operation unless we have agreed a different arrangement with you before your operation.

3.5 > Hospitals where you can have your treatment

The **hospital** where you have your treatment must be licensed as a medical or surgical **hospital** by the authorities in the country where the **hospital** is located.

Facilities that are not covered?

Treatment at the following types of facilities is not covered even if they are registered as a **hospital**:

- health hydro
- spa
- nature cure clinic
- and other similar facilities

3.6 > Accommodation we will pay for at the hospital where you are treated

If your treatment is covered by your **policy**, we will pay reasonable charges for a standard, single room with bath or shower.

We will also pay for your standard menu choices.

What is not covered at the hospital?

We will not pay for:

- upgrades to your room
- food or drink choices that are not on the standard menu
- costs that would not normally be charged to a person staying in a standard, single room with bath or shower
- visitors' accommodation or meals
- special nursing unless we have agreed that it is necessary first.

3.7 > General restrictions

Written reports

We will not pay for the cost of any written reports.

Administration charges

We will not pay for any administration charges.

Treatment and referrals by family members

We will not pay for drugs or treatment if the person who refers you or treats you is a member of your family.

There are particular rules for how we cover some conditions, treatments, tests and costs. This section explains what these are.

You should read this section alongside the other sections of this handbook as the other rules of cover will also apply, for example our rules about pre-existing conditions, chronic conditions and who we pay.

If you're at all unsure about the cover you have with your policy – even if you don't need to claim for it at the moment – please send us a message using your Customer Online account axaglobalhealthcare.com/customer

Or just give us a call on +44 (0)1892 556 274.

We'll always be glad to explain your cover, and it's often quicker and easier than working it out from the handbook alone.

4.1 > AIDS/HIV

We cover treatment of any **medical condition** that arises from HIV infection.

We will also pay for Antiretroviral Treatment (ART).

4.2 > Alcohol abuse, drug abuse, substance abuse

We do not cover treatment you need as a result of, or in any way connected to, alcohol abuse, drug abuse or substance abuse.

4.3 > Breast reduction

We do not cover either male or female breast reduction.

Support when your health condition is complicated

If your medical condition or diagnosis is complicated and you're unsure about what's happening, we can help.

Our medical experts have lots of experience of complex medical cases. They'll listen to what's happening and suggest how they could help. They may recommend getting a second opinion from a specialist, or they may offer to manage your case on your behalf so you feel like you're back in control.

This service is run for us by specialist independent consultants with particular expertise in complex cases.

4.4 > Cancer

Due to the nature of **cancer**, we cover it a little differently to other conditions. This section

explains the differences. If a specific aspect of your cover is not mentioned here, the standard cover described elsewhere in your handbook applies.

About your cover for cancer treatment

We will cover investigations into **cancer** and treatment to kill **cancer** cells.

We will cover **active treatment of cancer** for any new **cancer** that starts after you join. We will also cover that **cancer** if it comes back and you are still a member.

If you have exclusions to do with **cancer** because of your past medical history, we will not cover your treatment if this **cancer** comes back.

» **For more details of how we cover treatment of pre-existing medical conditions, see section 3.2**

Cash payment when you have not had to pay for your treatment or pay for your stay in hospital

If you receive radiotherapy or chemotherapy treatment for free and your **policy** would have covered that treatment, we will make the following cash payment to you:

- £150 a day up to £5,000 per **year**
- \$240 a day up to \$8,000 per **year**
- €190 a day up to €6,375 per **year**.

4.11 > Drugs and dressings for out-patient treatment

We cover drugs and dressings for **out-patient** treatment when the drugs and dressings:

- are prescribed by a **medical practitioner**, and
- are for medical treatment covered by your **policy**.

4.12 > External prostheses and appliances

We cover:

- the cost of wigs and external prostheses needed during **active treatment of cancer**,
- the cost of spinal supports, knee braces and aircasts if they are a part of a **surgical procedure** or integral to the treatment of a condition you are covered for.

We do not cover the costs of providing or fitting external prostheses or appliances needed for any other reason. Prostheses and appliances include items such as crutches and joint supports.

4.13 > Fat removal

We do not cover the removal of fat or surplus tissue, such as abdominoplasty (tummy tuck), whether the removal is needed for medical or psychological reasons.

4.14 > Gender re-assignment or gender confirmation

We do not cover gender re-assignment or gender confirmation treatment.

What is not covered?

We will not cover any of the following when they are connected to gender reassignment or gender confirmation in any way:

- gender reassignment operations or other surgical treatment
- psychotherapy or similar services
- any other treatment.

4.15 > Health check

We will pay a contribution towards the cost of one health check per **year**.

Examples of the things your health check could include are:

- body mass index
- resting blood pressure
- urinalysis
- cholesterol test
- instruction in self examination
- advice about diet and lifestyle

To claim for your health check, simply send us a receipt showing your name to confirm that you have had the health check.

4.16 > Hormone replacement therapy (HRT)

We cover hormone replacement therapy (HRT) that is required following a medical intervention.

We will pay for the **medical practitioner's** consultations and the cost of HRT implants, patches or tablets for a maximum of 18 months following the intervention.

Patches and tablets are subject to your out-patient drugs and dressings limit shown in section 1.4 Your cover on page 9.

4.17 > Infertility and assisted reproduction

We do not cover investigations or treatment of infertility and assisted reproduction.

This includes:

- treatment to prevent future miscarriage
- treatment to increase fertility
- investigations into miscarriage
- assisted reproduction

- speech and language problems, including speech therapy needed because of another **medical condition**.

4.20 > Long sightedness, short sightedness and astigmatism

We do not cover any treatment to correct long sightedness, short sightedness or astigmatism.

However, we do cover treatment of astigmatism if the astigmatism is due to surgical replacement of the lens of the eye.

Eye tests

We will pay towards the cost of one eye test per **year**.

What you need to claim for your eye test

We cannot pay any claims without a receipt.

To claim for your eye test, please ask your optician for full receipts. Then call us and we will explain how to send in your receipts.

Prescribed glasses and contact lenses

We will pay towards the cost of eye tests, prescribed glasses and prescribed contact lenses needed to correct vision.

What is not covered?

We will not pay towards the cost of:

- contact lens check ups
- contact lens solutions
- new frames
- non-prescribed glasses
- repairs to glasses
- replacements that you need because of accidental damage
- non-prescribed items that you buy as part of an eye care contract scheme.

4.21 > Mental health

We will cover treatment for psychiatric illness as an **in-patient, day-patient** or **out-patient**.

We will cover you for up to 100 days in your lifetime for treatment as an **in-patient**.

All the other conditions of your **policy** still apply to this cover.

What happens if I need to go into hospital for a psychiatric condition?

If you need to go into **hospital** for **in-patient** or **day-patient** treatment of a psychiatric condition, you or a **family member** must contact us to check your cover before you go in. If your treatment is covered, we will contact the **hospital** to ask them for a medical report. We will also arrange for the **hospital** to send the bills for your treatment directly to us.

If the **hospital** is in the UK, they will contact us to check your cover before you go in.

What if my condition goes on for a long time?

If you need to stay in **hospital** for longer than initially agreed, we will ask your **medical practitioner** why you need further treatment, and let you know if we agree to cover the extended stay.

What is not covered

We do not cover any treatment connected in any way to:

- an injury you inflicted on yourself deliberately
- a suicide attempt
- alcohol abuse
- drug or substance abuse.

4.22 > Natural ageing

We do not pay for **treatment** of symptoms generally associated with the natural process of ageing. This includes **treatment** for the symptoms of puberty and menopause which are not caused by another disease, illness or injury.

4.23 > Nuclear, biological or chemical contamination and war risks

We do not cover treatment you need as a result of nuclear, biological or chemical contamination.

We do not cover treatment you need as a result of your active involvement in war (declared or not), an act of a foreign enemy, invasion, civil war, riot, rebellion, insurrection, revolution, overthrow of a legally constituted government, explosions of war weapons, or any similar event.

We do not cover treatment you need because you have put yourself in needless peril, such as going to a place of unrest as an onlooker.

We do cover treatment due to a **terrorist act** so long as the act does not cause nuclear, biological or chemical contamination.

4.24 > Organ or tissue donation

If you plan to donate an organ or tissue as a live donor, or receive an organ or tissue from a live donor, please call us so that we can tell you what support we offer.

What we don't cover

We do not pay for:

- the cost of collecting donor organs or tissue
- any related administration costs – for example, the cost of searching for a donor
- any costs towards organ or tissue donation that is not done in line with appropriate regulatory guidelines.

4.25 > Palliative care

Palliative care is **treatment** to relieve symptoms of a **medical condition** that has been diagnosed as terminal. We cover palliative care as long as we have approved the costs before it starts.

Please always contact us before the start of any palliative care you want to claim for.

4.26 > Pregnancy and childbirth

We cover pregnancy and childbirth.

There are different limits on your cover depending on whether the pregnancy and childbirth is routine or non-routine. By routine childbirth we mean childbirth that does not require **surgery**.

Routine pregnancy and childbirth

For routine pregnancy and childbirth, we cover:

- antenatal consultations, monitoring and screening
- childbirth
- postnatal consultations for up to six weeks following the birth.

We will only pay up to the usual amount charged by a **medical practitioner** for the **treatment** we cover.

The limit on the total amount we will pay is:

- ✓ £12,000 per **year** or
- ✓ \$19,200 per **year** or
- ✓ €15,300 per **year**

There is no cover available for the first 10 months after each member takes out or joins this **policy** unless we have told you otherwise on your membership statement.

Non-routine pregnancy and childbirth

We also cover **treatment** for non-routine **medical conditions** related to pregnancy and childbirth.

The **treatment** is covered up to the limits that apply in the rest of this **policy**.

Examples of non-routine **medical conditions** related to pregnancy and childbirth that we cover are:

- ectopic pregnancy (pregnancy where the embryo or foetus grows outside the womb)
- hydatidiform mole (abnormal cell growth in the womb)
- retained placenta (afterbirth retained in the womb)
- placenta praevia
- eclampsia (a coma or seizure during pregnancy and following pre eclampsia)
- diabetes (If you have exclusions because of your past medical history related to diabetes, then you will not be covered for any **treatment** for diabetes during pregnancy)
- post partum haemorrhage (heavy bleeding in the hours and days immediately after childbirth)
- miscarriage requiring immediate surgical **treatment**.

What we don't cover

We do not cover the cost of parenting classes or other classes relating to pregnancy and childbirth.

Please always call us to check what you are covered for before starting any private treatment for pregnancy or childbirth that you intend to claim for.

Adding a baby to your policy

If you have a baby, we can often add them to your policy from birth. However, if the baby was born after either parent has had fertility treatment or following assisted reproduction, we will need to medically underwrite them. Please call us for more details.

If you want to add a baby to your **policy**, you must tell us within three months of the baby's birth.

» See 5.1 Adding a family member or baby

4.27 > Preventative treatment and genetic screening tests

Health insurance is designed to cover problems that you're experiencing at the moment, so it generally doesn't cover preventative **treatment** or genetic screening tests.

What is not covered for preventative treatment or genetic screening tests?

We do not pay for:

- preventative **treatment**, such as preventative mastectomy
- genetic screening tests to check whether you have a genetic risk of a **medical condition**.

 If you're unsure whether your treatment is preventative or not, please call us before going ahead with the treatment.

Health checks

We will pay a contribution to the cost of one health check per **year**.

» [See also 4.15 Health check](#)

4.28 > Reconstructive surgery

We cover reconstructive **surgery** in certain circumstances as detailed below.

What is covered?

We will cover your first reconstructive **surgery** following an accident or **surgery** for a **medical condition** that was covered by your **policy**. We will do this so long as:

- you had continuous cover with us before the accident or **surgery** happened
- we agree the cost of the **treatment** in writing beforehand.

In the case of breast **cancer** the first reconstructive **surgery** means:

- one planned **surgery** to reconstruct the diseased breast

- one further planned **surgery** to the other breast, when it has not been operated on, to improve symmetry
- nipple tattooing, up to 2 sessions.

 Please call us before agreeing to reconstructive surgery so we can tell you if you are covered.

What is not covered?

We do not cover **treatment** that is connected to previous reconstructive **surgery** or any cosmetic operation to a reconstructed breast.

» [See also 4.8 Cosmetic surgery](#)

4.29 > Rehabilitation

We do cover **in-patient** rehabilitation for a short period, but there are some limits to our cover.

What is covered for rehabilitation?

We will cover **in-patient** rehabilitation for up to 28 days, so long as:

- it is a part of **treatment** that is covered by your **policy**
- it takes place in a **hospital** or unit that specialises in rehabilitation
- a **medical practitioner** who specialises in rehabilitation is overseeing your **treatment**
- we have agreed the costs before you start rehabilitation
- the **treatment** could not be carried out on an **out-patient** basis.

If you have severe central nervous system damage following external trauma or accident, we will extend this cover to up to 180 days of **in-patient** rehabilitation.

 If you need rehabilitation, please call us so we can tell you if you are covered.

What is not covered for rehabilitation?

We do not cover **day-patient** rehabilitation.

We do not cover **treatment** as an **in-patient** that you could have as an **out-patient**. This includes rehabilitation.

4.30 > Self-inflicted injury and suicide

We do not cover **treatment** you need as a direct or indirect result of a deliberately self-inflicted injury or a suicide attempt.

4.31 > Sexual dysfunction

We do not cover **treatment** for sexual dysfunction or anything related to sexual dysfunction.

4.32 > Sexually transmitted diseases/ infections

We do not cover **treatment** of sexually transmitted diseases/infections.

4.33 > Social, domestic and other costs unrelated to treatment

We do not cover the costs that you pay for social or domestic reasons, such as but not limited to travel or home help costs. This includes if your **in-patient** stay is extended for a reason not related to your **treatment** and you could have that **treatment** as an **out-patient**.

We do not cover the costs of home visits unless a home visit is necessary because of the sudden onset of an **acute condition** that means you're not able to have your **treatment** or consultation in a medical clinic or consulting room.

4.34 > Sports- and activity-related treatment

We do not cover **treatment** of injuries that are as a result of training for or taking part in any sport for which you:

- are paid
- receive a grant or sponsorship (we do not count travel costs in this), or
- are competing for prize money.

We do not cover **treatment** of injuries that are sustained when taking part in the following sports and activities:

- base jumping
- cliff diving
- flying in an unlicensed aircraft
- free climbing
- scuba diving to a depth of more than 10 metres, or to a depth of more than 30 metres if you hold an appropriate diving qualification or you are being instructed by an appropriately qualified diving instructor, for example an instructor recognised by PADI (Professional Association of Diving Instructors)
- any activity at a height of over 5,000 metres above sea level
- canyoning
- skiing off piste, or any other winter sports activity carried out off piste without an instructor with the appropriate qualifications.

4.35 > Sterilisation

We do not cover:

- sterilisation, or any consequence of being sterilised
- reversal of sterilisation, or any consequence of a reversal of sterilisation.

4 Your cover for specific conditions, treatment, tests and costs continued

4.36 > Supplements

We do not cover any supplements or substances that are available naturally, such as vitamins, minerals and organic substances.

4.37> Teeth and dental conditions

We will cover:

- dental **treatment** such as fillings
- check-ups
- scale and polish.

We will also cover the following types of dental **treatment** when they are needed following accidental damage caused by external impact to the mouth and jaw:

- the reasonable cost of replacing a crown, bridge-facing, veneer or denture with a replacement of equivalent quality to the original device
- implants needed for clinical reasons (not cosmetic) – we will pay up to the cost of equivalent dental work to supply and fit a bridge
- replacement dentures as long as you were wearing them when you suffered the injury.

We will only pay for **treatment** if you noticed the damage within seven days of the accidental damage taking place and the **treatment** takes place within 18 months.

What is not covered

We do not cover:

- cosmetic **treatment**
- **treatment** that's needed because you have not had at least one dental check-up in every **year**, for example **treatment** for gingivitis and periodontis
- **treatment** needed following damage caused by any of the following:
 - normal wear
 - eating or drinking something, even if it contains a foreign body

- boxing or playing rugby (except tag rugby) without wearing suitable mouth protection
- brushing your teeth or any other oral hygiene procedure.

4.38> Treatment that is not medically necessary

Like most health insurers, we only cover **treatment** that is medically necessary. We do not cover **treatment** that is not medically necessary, or that can be considered a personal choice.

4.39 > Weight loss treatment

We do not cover **treatment** for weight loss **surgery**.

What is not covered?

We do not cover any fees for any kind of bariatric (weight loss) **surgery**, regardless of why the **surgery** is needed. This includes fitting a gastric band, creating a gastric sleeve, or other similar **treatment**.

5 Managing your policy

5.1 > Adding a family member or baby

5.2 > Making changes to your cover

5.3 > Paying your premium

5.4 > Paying your excess

5.5 > Cancelling your policy during the cooling-off period

5.6 > Keeping us informed

5.7 > Why premiums change

5.8 > Making a complaint

5.1 > Adding a family member or baby

To add a family member or a new baby to your cover, call us on +44 (0)1892 556 274 and we will talk you through how it works.

Who you can add

You can apply to add the following **family members** to your **policy**:

- Your partner in marriage, in a civil partnership, or when living together permanently in a similar relationship. (There may be certain circumstances where we cannot add a partner.)
- Any of your children or your partner's children.
- A new baby.

Adding a new baby

If you would like to add a new baby to your cover, you can do this from their date of birth so long as you call us within three months of their birth. We will not normally need details of their medical history.

There may be some limits to our cover if any of the following apply:

- the baby is born after either parent has had any kind of fertility **treatment**; or
- the baby is born after assisted reproduction; or
- you have adopted the baby.

We have explained these limits in the following paragraphs.

Babies born after fertility treatment, or following assisted reproduction, or who you have adopted

You can add a baby born after fertility **treatment**, or following assisted reproduction (such as IVF), or who you've adopted, to your **policy**. As with most health insurance, our cover for **treatment** has a few limits in these situations.

If a baby is born after fertility **treatment**, or following assisted reproduction, or if you have adopted a baby:

- we may ask for more details of the baby's medical history
- we will not cover **treatment** in a Special Care Baby Unit or paediatric intensive care immediately after the birth
- we may add other conditions to the baby's cover. For example, we may limit their cover for pre-existing conditions.

We count fertility **treatment** as either parent taking any prescription or non-prescription drug or other **treatment** to increase fertility.

5.2 > Making changes to your cover

You can normally make changes to your cover, such as changing your excess, during the cooling off period or when you renew.

Please call us so we can talk about the options available to you. Depending on your underwriting style, any pre-existing **medical conditions** you have and any **medical conditions** that have developed since you joined, there may be some restrictions or limitations to the cover you can add.

5.3 > Paying your premium

When you join, and shortly before your **policy** is up for renewal, we'll let you know how much your premium will be. You can then choose to pay a yearly, quarterly or monthly premium.

How can I pay my premium?

You can pay in any of the following ways:

- yearly, quarterly or monthly by Direct Debit if you have a UK bank account – payment will be in Sterling
- yearly, quarterly or monthly by credit card
- yearly or quarterly by cheque.

Your **policy** documents will tell you exactly when we will collect your payments, or how to send in your cheque.

What happens if I miss a payment?

It is important that you pay your premium when it is due. If you miss a payment, we will cancel your **policy** and we will not pay any claim for any **treatment** that you had after the payment was due.

If you have stopped paying for your **policy**, or you have missed or think you will miss a payment, please call us on +44 (0)1892 556 274. We will talk to you about your payment options or alternative cover options.

Charges from your bank

You should contact your own bank to find out if they will make any charges for you to send or receive money, or to exchange currency. Any charges from your bank are not covered by your **policy**.

5.4 > Paying your excess

Your membership statement will tell you if you have an excess and how much it is. This section tells you how to pay it.

If your policy has an excess

If your **policy** has an excess, you can see the amount on your membership statement.

Here is how excesses work:

- We will take your excess off the amount covered by your **policy** for the first claim for each person in each **year**. For example, if the claim was covered for £800, and the excess was £100, we would pay £700.
- If your claim is for a **treatment** that has a limit we will apply the limit before we take the excess off.

- We count the **treatment** costs for each **year** according to the date the **treatment** took place.
- Even if **treatment** costs less than your excess, please tell us about it so we can make sure we take this into account if you claim again that **year**.
- The excess applies per person. So if two people covered by your **policy** make a claim, we will take the excess off both their claims.
- It may take several claims before the full amount of the excess is paid.
- Once the full amount of an excess has been paid in a **year**, we will not take it off any further claims in that **year**.
- It does not matter whether you claim several times for the same **medical condition**, or for several **medical conditions**.
- The excess applies for each **year**. This means that if you incur costs during this **year**, we will take the excess off what we pay for your claim. If you then incur more costs in the next **year**, even if it's for the same condition, we will take the excess off that claim.
- If your claim goes over your renewal, we will take the excess off the amount we pay for your claim before renewal, then we will take the excess off the amount we pay for your claim after renewal.
- If you have any questions about how your excess works, please call us on +44 (0)1892 556 274.

Claims that you do not have to pay an excess for

If you claim for any of the following, you will not need to pay an excess:

- cash payment when you have not had to pay for your **treatment** or pay for your stay in **hospital**
- evacuation or repatriation service
- cash payment if you have free chemotherapy or radiotherapy

- any claim for dental **treatment** (unless the claim relates to accidental damage, in which case you will have to pay an excess)
- any claim for wigs
- disability compensation.

If you would like to change or add an excess

Adding an excess, or increasing the amount of your excess, helps to lower your premium.

If you would like to change or add an excess, you can normally do this:

- during your cooling off period
- when you renew.

Call us on +44 (0)1892 556 274 and we will set this up for you.

5.5 > Cancelling your policy during the cooling off period

You have a legal right to cancel up to 14 days from the day that your contract is concluded, or the day that you receive the full **policy** terms and conditions, whichever comes later. This is known as the cooling off period. If you cancel during this period, you will not have to pay anything, as long as you have not made a claim within that period.

If you make a claim and we pay for your **treatment** during your cooling off period, we have a right to take payment for the services that we have provided. This means we may take some costs off any amount we refund to you.

If you do not cancel your **policy** within the cooling-off period your **policy** will continue for a **year** so long as you continue paying your premiums.

5.6 > Keeping us informed

If any of your personal details change, it's important that you let us know as soon as possible. If you're unsure whether the change is

important, it's best to tell us and we can explain if it affects your **policy**.

Change of country where you normally live

You must tell us if there's a change of **country where you normally live**.

We are not able to provide insurance in some countries, so it's your responsibility to check that your cover is still valid if you move.

Changes to any details you give us when you join

If you send us any form, and anything changes between the time you send the form and the time we confirm that we have made the change shown in the form, you must tell us.

This includes if there's a change in the **country where you normally live**.

5.7 > Why premiums change

Premiums for health insurance tend to increase every **year**, regardless of which health insurance company you use.

Why does my premium increase every year?

There are a number of reasons why the cost of your healthcare insurance could increase. We review premiums each **year** and make calculations based on a number of factors. Two of the more common reasons are because:

- Your premium will tend to rise as you get older. This is because, unfortunately, as we get older we all tend to suffer more health issues
- The cost of medical **treatment** tends to rise too as new and better ways of diagnosing and treating diseases are developed. We regularly review our plans to keep them up to date and to include new tests and **treatments** where we can.

What happens if my premium is to change?

Your premium will only change at renewal or if something changes, such as adding a new

baby, during the **year**. We will tell you about any changes to your premium in plenty of time.

Is there anything I can do to reduce my premium?

There are a few things that you may be able to do to reduce your premium. For example you can:

- add an excess, or set a higher excess
- remove the dental upgrade
- change your plan.

Please call us on +44 (0)1892 556 274 and we can talk about your options.

5.8 > Making a complaint

Our aim is to make sure you're always happy with your **policy**. If things do go wrong, it's important to us that we put things right as quickly as possible.

Making a complaint

If you want to make a complaint, you can call us or write to us using the contact details below.

To help us resolve your complaint, please give us the following details:

- your name and **policy** number
- a contact phone number
- the details of your complaint
- any relevant information that we may not have already seen.

Please call us on +44 (0)1892 556 274.

Or write to:

Answering your complaint

We'll respond to your complaint as quickly as we can.

If we can't get back to you straight away, we'll contact you within five working days to explain the next steps.

We always aim to resolve things within eight weeks from when you first told us about your concerns. If it looks like it will take us longer than this, we will let you know the reasons for the delay and regularly keep you up to date with our progress.

The Financial Ombudsman Service

The Financial Ombudsman Service can liaise with us directly about your complaint and if we can't fully respond to a complaint within eight weeks or if you are unhappy with our final response, you can ask the Financial Ombudsman Service for an independent review.

Your legal rights

None of the information in section 5.8 affects your legal rights.

6 Legal information

- 6.1 > Transfer of your policy when the United Kingdom leaves the European Union
- 6.2 > Rights and responsibilities
- 6.3 > Our authorisation and regulation details
- 6.4 > The Financial Services Compensation Scheme (FSCS)
- 6.5 > Your personal information
- 6.6 > What to do if somebody else is responsible for part of the cost of your claim
- 6.7 > What to do if your claim relates to an injury or medical condition that was caused by another person

6.1 > Transfer of your policy when the United Kingdom leaves the European Union

Your **policy** is underwritten by AXA PPP healthcare Limited, a UK based insurer. This means that if the **country where you normally live** is outside the UK in a Member State of the European Union (EU) it may not be possible for us to continue legally to meet our obligations under your **policy** when the **United Kingdom** leaves the EU without a provision in our agreement with you to allow us to automatically transfer the underwriting to another **AXA EU insurer**.

By entering into this **policy** you agree that, if we believe that it may not be possible for AXA PPP healthcare Limited to legally meet its obligations under your **policy**, we may write to you to let you know that we plan to transfer all of AXA PPP healthcare Limited's rights and obligations under this **policy** to another insurer owned by the AXA Group. This insurer will be licensed to carry on insurance business in your Member State of the EU (the **AXA EU insurer**). This transfer will take place at 10.59 p.m. on 28 March 2019 or an earlier date which we will specify (the **transfer date**).

If we write to you to give you reasonable notice of the transfer described above, we will:

- confirm the identity of the **AXA EU insurer** that will assume our rights and obligations under the **policy** and that it is meeting its regulatory capital requirements
- provide the **AXA EU insurer's** authorisation and regulation details
- explain the process and any changes to your **policy**
- give you an option to cancel your **policy** instead, explaining the process for cancellation (including what you need to do to choose to exercise the cancellation option as well as the terms governing the amount that we will refund you).

If we use this transfer right (and you do not choose to cancel your **policy** instead), then, on the **transfer date**, AXA PPP healthcare Limited will be replaced by the **AXA EU insurer** as the underwriter of this **policy**. From the **transfer date**:

- the **AXA EU insurer** will do everything that AXA PPP healthcare Limited has agreed to do under this **policy** (except anything that AXA PPP healthcare Limited has already done by the **transfer date** and except for any changes that may be required by law or regulation) as if the **AXA EU insurer** was named in this **policy** as the original underwriter
- the **AXA EU insurer** will have all the rights that AXA PPP healthcare Limited had under this **policy** as if the **AXA EU insurer** was named in this **policy** as the original underwriter, including rights to receive payment of any outstanding or regular premiums due and/or payment of "excess" amounts in relation to claims
- AXA PPP healthcare Limited will have no further obligations toward you (including in relation to things that AXA PPP healthcare Limited had agreed to do before the **transfer date**) and will not have any rights at all against you or any other interest in this **policy**
- all authorisations and instructions for the payment of premiums and/or excess to AXA PPP healthcare Limited will take effect as providing for authorisation and instruction for the payment of premiums and/or excess to the **AXA EU insurer**
- use of 'we', 'us' or 'our' in this **policy** will mean the **AXA EU insurer** and when 'AXA PPP healthcare Limited' is used this will mean the **AXA EU insurer**
- your **policy** renewal date will remain the same.

This section 'Transfer of your policy when the United Kingdom leaves the European Union' will take precedence over any other part of this **policy** that is inconsistent with it (including any part of any application form that you filled in, any statement of fact sent to you, this handbook or your membership statement or our letter of acceptance).

6.2 > Rights and responsibilities

This section sets out the rights and responsibilities we have to each other.

Your policy

Your **policy** is for one **year**.

You must pay the premium for your **policy** when the premium is due.

In return for you paying the premium, we will provide you with the cover set out in your **policy**.

We will pay for covered costs incurred during a period for which the premium has been paid.

We will confirm the date that the **policy** starts and ends, who is covered, and any special terms that apply.

Sales

When we sell our plans directly to customers we provide information to help customers make the right decisions for their needs but we do not offer a personal recommendation for any of our plans. You may also have bought your plan through an intermediary or broker, in which case they will inform you whether they offer a personal recommendation.

Renewal

Before the end of each **policy year**, we will contact the **policyholder** to tell them the terms the **policy** will continue on if the **policy** is still available. We will renew the **policy** on the new terms unless the **policyholder** asks us to make changes or tells us they wish to cancel.

We will collect your premium using the same payment method that you used for the previous **year**.

If the plan you were on is no longer available, we will do our best to offer you an alternative.

Limit on term of cover if the country where you normally live is the USA

If the **country where you normally live** is the USA, we will end your **policy** at the end of the first **year**.

Requirements that may apply in the country where you normally live

It is your responsibility to make sure you have cover that meets any requirements made by the **country where you normally live**.

For example:

- Some countries require residents to buy health cover through a local provider. This **policy** would not meet that requirement.
- Some countries require residents to buy health cover that meets certain requirements. The cover offered under this **policy** may not meet such requirements, which means you would need to buy additional cover or a different **policy**.

Providing us with information

Whenever we ask you to give us information, you will make sure that all the information you give us is sufficiently true, accurate and complete for us to be able to work out the risk we are considering. If we later discover that it is not, we can cancel the **policy** or apply different terms of cover in line with the terms we would have applied if the information had been presented to us fairly.

Cooling off period

The 14-day cooling off period starts on the later of the following:

- the day that the contract for the **policy** is concluded

- the day that the **policyholder** receives the full **policy** terms and conditions.

The **policyholder** may cancel the **policy** during the 14-day cooling off period. If they want to do this, they need to contact us to tell us.

If the **policy** is cancelled during the 14-day cooling off period, we will return any premium paid for the **policy**. The exception to this is if one or more claims have been made relating to cover during the 14-day cooling period.

If a claim is made during the 14-day cooling off period, the **policyholder** may have to pay for any services we have actually provided in connection with the **policy** to the extent permitted by law. We may deduct this from any returned premium.

A new 14-day cooling off period applies from each renewal date.

Our right to refuse to add a family member

We can refuse to add a **family member** to the **policy**. We will tell the **policyholder** if we do this.

Subrogated rights

We, or any person or company that we nominate, have subrogated rights of recovery of the **policyholder** or any **family members** in the event of a claim. This means that we will assume the rights of the **policyholder** or any **family members** to recover any amount they are entitled to that we have already covered under this **policy**.

For example, we may recover amounts from someone who caused injury or illness, or from another insurer or a state healthcare provider.

The **policyholder** must provide us with all documents, including medical records, and any reasonable assistance we may need to exercise these subrogated rights.

The **policyholder** must not do anything to prejudice these subrogated rights.

We reserve the right to deduct from any claims payment otherwise due to you an amount that will be recovered from a third party or state healthcare provider.

What happens if you break the terms of your policy

If you break any terms of your **policy** that we reasonably consider to be fundamental, we may do one or more of the following:

- refuse to pay any claims;
- recover from you any loss caused by the break;
- refuse to renew your **policy**;
- impose different terms to the cover;
- end your **policy** and all cover immediately.

If you (or anyone acting on your behalf) claim knowing that the claim is false or fraudulent, we can refuse to pay that claim and may declare your **policy** void, as if it never existed. If we have already paid the claim we can recover what we have paid from you.

If we pay a claim and the claim is later found to be wholly or partly false or fraudulent, we will recover what we have paid from you.

Our right to make changes to your policy

We can change all or any part of your **policy** from any renewal date. We will give you reasonable notice of changes to your **policy**.

International economic sanctions

We will not do business with any individual or organisation that appears on an economic sanctions list or is subject to similar restrictions from any other law or regulation. This includes sanction lists, laws and regulations of the European Union, **United Kingdom**, United States of America, or under a United Nations resolution.

If you or a **family member** are directly or indirectly subject to economic sanctions, including sanctions against the **country where you normally live**, we reserve the right to do any of the following:

- immediately end cover (even if you have permission from a relevant authority to continue cover or pay premiums)
- stop paying claims on your **policy** (even if you have permission from a relevant authority to continue cover or pay premiums)
- cancel your **policy** or remove a **family member** immediately without notice.

We will tell you if we do any of these.

If you know that you or a **family member** are on a sanctions list, or subject to similar restrictions, you must let us know within seven days of finding this out.

Law applying to your policy

You and we are free to choose the law that applies to your **policy**. The law of England and Wales will apply unless you and we agree otherwise.

If you live outside the European Economic Area (EEA), you and we agree and submit to the exclusive jurisdiction of the courts of England and Wales.

Language for your policy

We will use English for all information and communications about your **policy**.

Legal rights

Only the **policyholder** and we have legal rights under this **policy**. No clause or term of this **policy** will be enforceable, by virtue of the Contract (Rights of Third Parties) Act 1999, by any other person, including any **family member**.

6.3 > Our authorisation and regulation details

Our plans are arranged and administered by AXA Global Healthcare (UK) Limited and underwritten by AXA PPP healthcare Limited.

AXA Global Healthcare (UK) Limited is authorised and regulated by the Financial Conduct Authority (FCA).

Our financial services register number is 307140.

AXA PPP healthcare Limited is authorised by the Prudential Regulation Authority (PRA) and regulated by the Financial Conduct Authority (FCA).

Its financial services register number is 202947.

The FCA sets out regulations for the sale and administration of general insurance. We must follow these regulations when we deal with you.

You can check details of our registration on the FCA website: fca.org.uk

6.4 > The Financial Services Compensation Scheme (FSCS)

We and AXA PPP healthcare Limited are participants of the Financial Services Compensation Scheme (FSCS). The Scheme may act if it decides that an insurance intermediary or insurer is in such serious financial difficulties that it may not be able to honour its liabilities to customers. It may do this by:

- providing financial assistance to the insurer or insurance intermediary
- transferring policies to another insurer
- paying compensation to policyholders.

The Scheme was established in the UK under the Financial Services and Markets Act 2000 and is administered by the Financial Services Compensation Scheme Limited. You can find more information about the scheme on the FSCS website: fscs.org.uk

6.5 > Your personal information

Your **policy** is underwritten by AXA PPP healthcare Ltd and administered by AXA Global healthcare (jointly AXA). This is a summary of our respective Privacy Policies that you can find on our websites: axapphealthcare.co.uk/privacypolicy and axaglobalhealthcare.com/privacypolicy

Please make sure that everyone covered by this **policy** reads this summary and the full data privacy policies on our websites. If you would like a copy of the full policy please call us on +44 (0) 1892 556 274 and we'll send you one.

We want to reassure you AXA never sells personal member information to third parties. We will only use your information in ways we are allowed to by law, which includes only collecting as much information as we need. We will obtain your consent to process information such as your medical information when it's necessary to do so.

We collect information about you and the **family members** who are covered by your **policy** from you, those **family members**, your healthcare providers, your employer (if you are on a company scheme), your insurance broker if you have one and third party suppliers of information. We accept any individual under the age of 16 as a child, and would collect and record their data only upon the consent from the child's parent/guardian.

We process your information mainly for managing your membership and claims, including investigating fraud. We also have a legal obligation to do things such as report suspected crime to law enforcement agencies. We also do some processing because it helps us run our business, such as research, finding out more about you, statistical analysis for example to help us decide on premiums and marketing.

We may disclose your information to other people or organisations. For example we'll do this to:

- Manage your claims, e.g. to deal with your doctors;

- Manage your **policy** with your insurance broker
- Help us prevent and detect crime and medical malpractice by talking to other insurers and relevant agencies; and
- Allow other AXA companies to contact you if you have agreed.

In order to be able to manage your **policy** we may access your information from countries anywhere in the world including India and the USA where some administration is undertaken and Switzerland where AXA has a European data centre. For these purposes, we may also perform international transfer of your data. Before doing so we will ensure that your data is protected and disclosed only to authorised individuals solely for servicing your **policy** or claim.

Where our using your information relies on your consent you can withdraw your consent, but if you do we may not be able to process claims or manage your **policy** properly.

We will inform you if a data breach occurs and your personal and medical information are disclosed to unauthorised parties. The notification will be provided within 72 hours of the confirmation of the incident.

In some cases you have the right to ask us to stop processing your information or tell us that you don't want to receive certain information from us, such as marketing communications. You can also ask us for a copy of information we hold about you and ask us to correct information that is wrong.

If you want to ask to exercise any of your rights just call us on +44 (0) 1892 556 274 or write to us.

6.6 > What to do if somebody else is responsible for part of the cost of your claim

You must tell us if you are able to recover any part of your claim from any other party. Other parties would include:

- an insurer that you have another insurance policy with
- a state healthcare system
- a third party that has a legal responsibility or liability to pay.

We will pay our proper share of the claim.

Paying only our proper share helps us to keep the cost of premiums down.

If another party is responsible for part of your claim, it may mean they will pay for costs you would otherwise have to pay yourself, such as your excess on this **policy** or private **treatment** not covered by this **policy**.

6.7 > What to do if your claim relates to an injury or medical condition that was caused by another person

If your claim relates to an injury or **medical condition** that was caused by another person, they may be liable to pay some of the costs of your claim. This means you must tell us as quickly as possible if you believe a third party caused the injury or **medical condition**, or if you believe they were at fault. If we need further information, we may contact you or the third party.

We will pay our proper share of the claim and recover what we pay from the third party. We do this so we can keep the cost of premiums down. It also means that you can be repaid for any costs you paid yourself, such as your excess or if you paid for private **treatment** that wasn't covered by your **policy**.

You must include all amounts (including interest) paid by us in respect of the injuries in your claim against the third party.

You (or your solicitors) must keep us informed:

- on the progress of your claim and any action against the third party or any pre-action matters
- on the progress of and outcome of any action or settlement discussions, including providing us with access to the details of any settlement reached.

Repaying us if the third party pays you

If we have paid you for your claim and you are subsequently paid by the third party, you must repay us within 21 days of being paid by the third party. The amount you must repay depends on what you are paid:

- if the third party settles in full, you must repay our payment to you in full; or
- if the third party pays you a percentage of your claim for damages, you must repay us the same percentage of our payment to you; or
- if your claim is paid as part of a global settlement and our payment to you is not individually identified, you must repay us the same proportion that the global settlement is of your total claim for damages against the third party.
- If you are paid interest by the third party, you must include that when working out what to pay us.
- If you do not repay us, we will be entitled to recover what you owe us from you and your **policy** may be cancelled in accordance with the section: 'What happens if you break the terms of your **policy**' on page 52.

The rights and remedies in this section are in addition to and not instead of rights or remedies provided by law.
